

Security Solutions Limited

**Be Safe
Stay Safe
With Cab Safe**

**Security Screens for
Protection of Drivers**

www.cabsafesecurity.co.uk

We provide screens with & without sliding window & with & without holes for vast majority of vehicles

Cab Safe™

Peugeot Partner Tepee

Hyundai i800

Security Screens are produced from 6mm thick transparent Polycarbonate material. Designed and manufactured to suit each vehicle and to customer specifications. Centre section of screen (sliding window) is locked & can be removed if required. Cab Safe - Security Screens have been crash tested and are approved for use in UK by MIRA - motor vehicle research and testing institute. For further information and quotation
